Corpus Christi, Tx.
Nov, 19/25.

Mr J.C.Collier,
Barnesville Ga-.
My Dear Mr Collier-:-

Your very interesting letter recieved, so glad to hear from some one again from dear old Ga-.

Mr Jim Collier, I assume, a grand son on Mr E.C.Collier moved from Upson Co, Ga- in 1857 is now living in this City, but is out of town just now, but is expected back some time this week. As soon as he gets back, in accordance to a phone call from me, I assume he will call on me.

He can I assume can give you the desired information wanted better than I can. I left Georgia when only three years old. Also left Douglasville Cass Co when fifteen years old, and have lived far from all my kin, hence know very little of my family tree, as I was telling Bro, Willie Powell last summer.

Am delighted to learn you married my sainted Farthers Neice, a daughter of my Aunt Elmira Stephens. I can remember Aunt Elmira, her memory is still green in memory. Please remember her kindly to me.

I beleive I was a school mate with all of Mr E C.Lollier, Mr W.H.Scheen a member of Collier and Scheen is a son of Ella Peel, being a 2nd Cousin to me. My Father Rasswell had no middle name that I have known of, as you have it R.A.Powell. If you know of any one who desires a fine location for a cotton mill, refer them to Corpus Christi Texas, where we have the finest endacement to offer. Abundant Natural gas, and said to be the best long staple cotton country in the world at our back door. Be carefull Mr Collier, for if you should ever visit us in South West Texas, it might take a large size rope to pull you back to Dear old Georgia. All weneed is to weed out the lawless eliment, and get better people in.

Further more, Command me. Yours truly, Jas. O. Powell
